CV

Dra. Sara Piciucchi

Graduated at the School of Medicine of Perugia, she completed the residency program in Radiology at University Campus Biomedico of Rome.

Multiple are the visiting fellowship programs focused on chest imaging, particularly: Department of Chest Radiology at Wisconsin College of Medicine; AFIP; Department of Chest Radiology of National Jewish of Health in Denver and Department of Chest Pathology at Mayo Clinic-Arizona.

She has published more than 45 articles in PubMed-indexed journal and has been invited speaker in several national and international meetings, namely she has been recurrently invited speaker in the ERS Course - Diffuse parenchymal lung disease - Pneumotrieste since 2012 and more recently the ERS international congress 2016 in London.
