General Information

Venue – Accommodation
Hotel Divani Apollon
10 Ag. Nikolaou & Iliou Str.
166 71 Athens (Vouliagmeni)
Phone:  +30 (0)210 891 11 00
Web:  www.divanis.com
The IDKD course is held at the Hotel Divani Apollon at a distance of 18 km from the Athens airport El. Venizelos and Athens Centre. It offers the ultimate standard of conference facilities. It is recommended to participants who want to be right on the spot and enjoy the Athenian Riviera. An additional 4* city smart hotel is located right opposite: the Amarilia Hotel (www.amarilia.gr). Please make your hotel reservation online through the reservation form on www.idkd.org.

Travel
There are direct regular- or charter-flights to Athens. Taxi-drive from Athens airport to the Hotels 20 min. The hotel offers regular daily bus connection to the centre of Athens.

Social Program
Social events will include a Welcome Reception and a Greek Evening. A full-day-tour in Athens will be organized for accompanying persons on Friday (requirement: 10 participants for private tour operation).

IDKD on the Internet
Visit our website at www.idkd.org. Information is regularly updated.

Local Organization
IDKD Greece Office, Athens
E-Mail: ametaksak@med.uoa.gr

Duration
Thursday, September 19, 2013 morning, through to Sunday, September 22, 2013 noon.

Registration
Registrations are accepted online at www.idkd.org starting April 1st 2013.

Registration Fees (in €)
Registration fees include the full teaching program, the electronic course syllabus, two luncheons, all coffee breaks and the welcome reception.

Diseases of the Brain, Head and Neck, Spine
September 19–22, 2013
Athens, Greece

An Interactive Course in Diagnostic Imaging
www.idkd.org
IDKD offers interactive, organ-based teaching workshops with annually changing topics.

IDKD – International Diagnostic Course Davos – offers interactive teaching workshops presented by a highly qualified International Faculty. The annually changing courses are organ-based with the topics: Brain, Head & Neck and Spine – Heart and Chest – Abdomen & Pelvis – Musculoskeletal. IDKD is offering courses in Davos, Switzerland, in Greece and in Hong Kong, China.

IDKD 2013 in Greece will be run as an intensive course, featuring 14 workshops covering imaging of diseases of the brain, head and neck, spine.

During the workshops, participants study and discuss the case material. Teachers then guide the participants through the cases, discuss the differential diagnosis, present additional material and ask questions. Teachers can easily be approached during breaks to individually discuss unsolved problems. Participants will be divided into groups of approximately 50 and can bring their own laptop (PC or Mac) to the workshops for case viewing on a USB stick provided. Moreover the teachers will present their cases in a video loop on the classroom VCR projector. In addition to the workshops, “hot topics” in radiology, new developments and overviews including interventional techniques will be discussed in highlight lectures and demonstrated during practical workshops presented by experts. Lunch seminars organized by various companies will also be held.

Scientific Program

Workshops

1. Cerebral Neoplasms
   Edmond A. Knopp, New York (US)
2. Imaging the Patient with Seizures
   Edmond A. Knopp, New York (US)
3. Cerebral Infections
   Majda Thurnher, Vienna (AT)
4. Imaging Evaluation of the Patient with Myelopathy
   Majda Thurnher, Vienna (AT)
5. Degenerative and Metabolic Diseases of the Brain
   Mark A. Van Buchem, Leiden (NL)
6. Demyelinating Diseases
   Mark A. Van Buchem, Leiden (NL)
7. Intracranial Emergencies
   Paul M. Parizel, Antwerp (BE)
8. Hemorrhagic and Vascular Pathology
   Paul M. Parizel, Antwerp (BE)
9. Spine Trauma
   Pia Sundgren, Lund (Sweden)
10. Mass Lesions of the Brain: a Differential Diagnostic Approach
    Pia Sundgren, Lund (Sweden)
11. Cerebrovascular Disease and Stroke
    Walter Kucharczyk, Toronto (CA)
12. Sella and Parasellar Region Diseases
    Walter Kucharczyk, Toronto (CA)
13. Suprathyroid Neck Spaces and Lesions
    C. Douglas Phillips, New York (US)
14. Sinonasal Neoplasia
    C. Douglas Phillips, New York (US)

Highlight Lectures

1. Diagnostic and Interventional Neuroradiology of Intracranial Meningiomas
   Antonios Valavanis, Zurich (CH)
2. Emergency Imaging and Neuro-intervention in Acute Ischemic Stroke
   Antonios Valavanis, Zurich (CH)
3. Radiologic Interventions of Cervical Spine
   Alexios Kelekis, Athens (GR)
4. DTI Analysis of Memory Circuits
   Ioannis Evdokimidis, Athens (GR)

Syllabus

The IDKD Syllabus produced for the Davos course is included in the registration fee. It is provided in electronic form on the same USB stick as the workshop cases and gives an overview of current imaging of heart and chest diseases.

IDKD Online Cases

Participants will receive a login and password allowing online access to more than 80 well-documented teaching cases stored in the IDKD online database.

CME Credits

European CME credits have been applied for and will be announced on the web at www.idkd.org. We expect to obtain approximately 21 CME credit hours.

Exhibition

An exhibition of selected imaging industries will present relevant technical information and expert advice.
